And then they goes to take me to a real Doctor's office in the Free world And he XRAYS it And tells me that its ~~fractured~~ fractured. And tells me that he cannot fix off hand cause they waited to late to bring me to him. He Also told me if they would have brought me in when it first happen, He could have put a cast on it and fix it, but since they waited so long that the bones had started to grow back in place And in order for him to fix it he would have to brake it All over again. So he just let it heal on its on.

And after that I fractured it again cause then I was back on the zone one early morning sleep in my room sleeping on a top bunk not a bottom bunk. And had to use the bathroom, And was trying get down from the top bunk and fell on it again And fractured it again.

And when that happen he had to do surgery then, He did the surgery. I got a steel-plate in my Ankle had bout twenty staples.

And it swells and hurt real bad on the regular. And the head Nurse Houge Also was just trying to trick me in to signing all type of papers!
